My dear sisters in the League

Here we are – the beginning of a new year and a new decade! Our journey through the hope filled message of Advent and the joyfulness of Christmas assures us of God's unconditional love and presence as we continue our earthly journey. While this beautiful Christian experience sets the foundation for our lives, it also supports our steps forward as we start our new year with the Catholic Women's League. The faith and promise of the message of the Christmas season will be our guide in our work as CWL members, as faithful servants of Christ and our church.

I pray that your new year is peaceful and fruitful. May God's blessings be with us all and may Our Lady of Good Council continue her faithful intercession for us as we continue our work for God and Canada.

With love, your sister in the League,
Glenda Carson
Nova Scotia Provincial CWL President
